Should I Be Concerned About My Child’s Language Skills?

The Speech Pathology Group Presents Early Language Q&A Session!
Do you have concerns about your child’s language, or are you interested in learning what to expect next for your child’s communication? SPG is proud to present Early Language Q&A. Once a month at SensationALL Kids Gym, a speech-language pathologist will be available to answer questions, educate families on language milestones, and to point you in the right direction to address any further concerns.

Snapshot of Early Language Q&A:
• Learn about typical language development
• Ask questions about your toddler’s challenges
• Allow your child to socialize at the gym with peers
• Meet other families in the community

Is Communication Power Hour a Good Fit for Me?
• Is your child under the age of 5 and are you concerned about their speech and/or language?
• Are you looking for some guidance to bolster your toddler’s speech and language?
• Are you wondering if your toddler would benefit from a speech-language evaluation and/or speech-language therapy?
• If you answered YES to any of these questions, Communication Power Hour is a great place to start!
